Sobre mi

Born on the island of Ibiza, Spain, I am passionate about technology, robotics in particular. Besides technology, I also enjoy sports, reading, and cooking. For me, working in this field is a dream I'm willing to work hard for.

Knowledge

Python	ROS2
C++	JAVA
Matlab	Swift
Javascript	RUST
PHP	MySQL

Frameworks

Laravel	API Rest
ASP.NET	Node.js

Soft-Skills

Teamwork	Interest
Leadership	Curiosity

Projects

I am working on the development of a simulation platform that takes into account the specific characteristics of on-orbit service robotics applications. I have collaborated with the Human Robotics research team at the University of Alicante on the development of custom controllers in ROS2.
